Model MX306

Tilt & Roll Space-Saving Handgrip Scale

The MX306 scale is designed to provide the security of a patient handgrip, but take up minimal floor space. Weight is not affected when patient grabs the bar. The scale is easy to move, just tilt back and roll to the next location. Ideal for hospitals, doctor's offices, and extended care facilities. Convenient battery power means the scale can be placed anywhere.

**Minimal space -
Maximum security**

FEATURES/SPECIFICATIONS

- Stable Handgrip:** Provides security without taking up space.
- Maximum mobility:** Heavy duty wheels and lightweight design make for easy transport.
- Built to last:** Rugged all-metal construction.
- MotionLock Technology:** Accurate weight even with an unsteady user.
- LB/KG Lockout:** Quickly change setup to disable LB/KG button so scale will only weigh in selected unit of measure.
- CX7 console:** Displays only the information you need - weight only or weight, height, and BMI.
- High capacity:** 750 lb. capacity meets most needs!

Easy transport: tilt and roll on heavy-duty 3" wheels.
