

# Professional Healthcare Scales

**BEFOUR**

**1-800-367-7109**

**www.befour.com**

## CX7 CONSOLE FEATURES:

- Displays weight, height, and BMI on a single screen
- EMR connectivity via USB serial output or optional wireless module
- ECO Weigh battery system provides 100,000 weighings per set of (4) D-cell alkaline batteries (included)
- 3-segment battery life indicator
- Large 1" LCD digits
- No AC outlet or recharging needed

**Befour scales are made with pride in the USA!**

To move to a new location, simply tilt the scale back on its large 3" wheels and roll away. The scale fits through all standard doorways.

## Model MX810

### Measurement Station Tilt & Roll Handrail Scale

The MX810 is the premier mobile measuring station on the market. With its integrated digital height rod, it quickly determines weight, height, and BMI. It features 1000 pound capacity and a standard ergonomic handrail that can be grasped during weighing. The "tilt & roll" design, large wheels, and battery operation makes moving the scale effortless. Operation is easy and intuitive, even for the first time user.

The scale features Befour's proprietary MotionLock Technology which automatically calculates the weight of the most unsteady patients. Its alkaline battery power provides years of use and allows the scale to be used anywhere.

## FEATURES/SPECIFICATIONS

**Wrap-around heavy-duty handrail:** Added security for patients of all sizes. Unique handrail design does not interfere with foot positioning.

**Digital Height Measurement:** Simply press HEIGHT and raise the foldable headpiece. Height, in selectable units, displays automatically.

**"Tilt & Roll" Design:** Always ready to move to another location.

**MotionLock Technology:** Accurate weight even with an unsteady user.

**LB/KG Lockout:** Quickly change setup to disable LB/KG button so scale will only weigh in selected unit of measure.

**New CX7 console:** Displays only the information you need - weight only or weight, height, and BMI.

Integrated digital height rod quickly and accurately measures height. Unique design has wide measuring range with no exposed cables and height rod rotates 360° for easier positioning of head piece.
