(1) Tap on "Wrestler Weigh-in".

(4) The Wrestler steps on the scale and his weight is automatically sent to your Android device. Tap "ACCEPT WEIGHT" (see note). If you had already entered the Min weight and Target weight it will also appear on this screen, as will the last weight of your wrestler. Once accepted, you will be returned to the screen with your wrestlers names. Tap on the next wrestler's name and have him/her step on the scale.

* NOTE: If you are unsure about your wrestler's weight, have your wrestler step off the scale and step back on before you hit "ACCEPT WEIGHT"
