Rugged construction,
effortless portability

Model WH-1070

Tilt and Roll Digital Scale with Integrated Height Rod!

WH-1070 is a truly versatile scale that is ideal for most weighing needs. Convenient battery power allows a user to place the scale anywhere - no outlet or re-charging needed! Sturdy, integrated handrail and digital height rod are excellent features providing stability for unsteady users and an accurate height and weight measurement.

Transport is easy ... simply tilt the scale back on its heavy-duty wheels and roll to the next location.

Height rod headpiece rotates 360° so the headpiece can be positioned away from the patient's face when being unfolded and then raised above the patient's head.

FEATURES/SPECIFICATIONS

- Huge 650 pound capacity with ± 0.1 lb. accuracy.
- Integrated digital height rod - simply raise the headpiece and height automatically displays with BMI.
